This website may use technical cookies (small information files that the server sends to the computer of the person accessing the page) to perform certain functions considered essential for the proper operation and visualization of the site. The cookies used are, in any case, temporary, with the sole purpose of making browsing more efficient, and disappear at the end of the user's session. These cookies do not provide personal data by themselves and are not used for data collection.

By using cookies, it is also possible for the server hosting the website to recognize the user's browser to make browsing easier, allowing, for example, previously registered users to access areas, services, promotions, or contests exclusively reserved for them without having to register for each visit. They can also be used to measure the audience, traffic parameters, monitor progress and number of entries, etc., which in these cases are not technically essential but beneficial to the user.
